Item	Products&Descriptions	Qty	Unit Price	Total
1	窄线宽连续可调谐钛宝石激光器 型号: SolsTiS 5000 PSX XF SolsTiS narrow linewidth Ti:Sa Laser System includes Single Frequency Equinox 18W pump laser, ICE-BLOC system control Electronic , chiller and pump integration kit(PIK) Specifications: Tuning range: 700-1000nm Output power at peak of tuning curve: >5W Linewidth: ≤100kHz Scan Range : ≥25GHz,measured at -780nm Coarse wavelength tuning method: computer tuning Amplitude Noise:< 0.1% RMS above pump noise, added in quadrature; Spatial Mode:TEM00; Beam Radius:< 0.4mm, 1/e2 intensity (nominal, at output port); Beam Divergance:< 1.5 mrad, far field, half angle; Polarisation:Horizontal (pump & output beam); Laser Head Dimensions:<29 x 17 x 7cm , L x W x H;	1	158,700	158,700
Terms and Conditions:		Shipment and Insurance		包含
Payment: 100% prepayment Delivery: within 12 months Warranty: one year Valid : for 30 days Manufacturer: M Squared Lasers Ltd, UK		Total CIP Price		158,700
